

# Quicksand

## The Pietasters

I thought it was infatuation, I couldn't find the bridges behind me  
Here today, gone tomorrow, never thinking loving wouldn't find me  
Now, my fee is love, I'm after, my courts show the walls of disaster 'cause Love is like quicksand, I'm sinking  
deeper and deeper, baby  
But the mountain of my mistakes, is looking steeper and steeper, baby I will solve the things to loving and it was  
a case of taking or leaving  
So, I crossed it off as usual, your love came, I couldn't believe it  
So, like a child who plays with fire, I'm going after my own desire 'cause Love is like quicksand, I'm sinking  
deeper and deeper, baby  
But the mountain of my mistakes, is looking steeper and steeper, baby Can't you see I'm sinking, baby? Come  
on, help me now, help me now  
Come on, help me now, help me now  
This is more than just flirtations, sure it's not a hopeless situation 'cause Love is like quicksand, I'm sinking  
deeper and deeper, baby  
But the mountain of my mistakes, is looking steeper and steeper, baby  
Love is like quicksand, I'm sinking deeper and deeper, baby  
But the mountain of my mistakes, is looking steeper and steeper, baby Love is like quicksand, I'm sinking  
deeper and deeper, baby  
But the mountain of my mistakes, is looking steeper and steeper, baby  
Love is like quicksand, I'm sinking deeper and deeper, baby  
But the mountain of my mistakes, is looking steeper and steeper, baby Love is like quicksand, I'm sinking  
deeper and deeper, baby  
But the mountain of my mistakes, is looking steeper and steeper, baby  
Love is like quicksand, I'm sinking deeper and deeper, baby  
But the mountain of my mistakes, is looking steeper and steeper, baby Love is like quicksand, I'm sinking  
deeper and deeper, baby  
But the mountain of my mistakes, is looking steeper and steeper, baby
