

# Lullaby

**Kaitlyn Maher**

Lullaby and good night, sweet roses delight  
With lilies oâ€™er spread is babyâ€™s wee bed  
Slumber softly and rest, may your dreamland be blessed  
Slumber softly and rest, may your dreamland be blessed

Lullaby and good night, in the sky stars are bright  
Close your eyes and start to yawn, pleasant dreams until dawn  
Guardian angels are near, so sleep on, with no fear  
Guardian angels are near, so sleep on, with no fear
