Something About You

Daryl Hall

Yeah you've been so close, oh baby
In my world always gone with someeone
Seeing you on your own
Lt's like some light, so bright is turning on
See you standing there oh baby
Feel a change in the air
Everywhere
Why didn't I know
That you're the one that I've been waiting for
Yeah, there's something about you
That I never knew
Why didn't I see your smile before
Yeah, there's something about you
That's ieaving me breathless
Leading me on
You can see, I can tell oh baby

You've got some power over me
Use it well
Don't know why I'm so sure
That you're the love that I've been longing for
Yeah, there's something about you
That I never knew
Why didn't I see your smile before
Yeah, there's something about you
That's leaving me breathless
Turning me on
Only matters what I feel right now
No matter what I've felt before
I'm turning to you right now
I'm breathless baby, that's all I need to know
Yeah, there's something about you
Something about you
