Clever

Thornley

Crush my only nerve
Overstate what you deserve
Crawling on the floor
One can see under the doorYou're so clever, you never
Said we would last forever
I twist it, I missed it
Can't keep this thing togetherSaid hey, no way
Can't deal with this today
Yes I guess you're so cleverCrack your ready whip
Gentlemen shoot from the hip
Throw my fears away
I can't afford them anywayYou're so clever, you never
Said we would last forever
I twist it, I missed it
Can't keep this thing togetherSaid hey, no way
Can't deal with this today
Yes I guess you're so cleverYou're so clever, you never
Said we would last forever
I twist it, I missed it
Can't keep this thing togetherSaid hey, no way
Can't deal with this today
Yes I guess you're so clever
