

# Dream Big

Clare Maguire

[Verse 1:]

I bite my lips, say nothing,  
that's the trouble I'm in  
I hide my face behind my fingers  
I'm crumbling  
O-o-o-oh

[Bridge:]

Then nothing helps me lose the feeling  
I'm still believing  
O-o-o-oh[Đ;horus:]  
I dream, dream big,  
It's the only way to live,  
getting high to forget  
tomorrow.I've lost every bit,  
felt the pain in my chest,  
getting high to forget  
tomorrow.[Verse 2:]

I tend to live for fear,  
let it sink into my scalp,  
thinking, over-thinking,  
I fall!

O-o-o-oh

[Bridge:]

Then nothing helps me lose the feeling  
I'm still believing  
O-o-o-oh[Đ;horus:]  
(x2)  
I dream, dream big,  
It's the only way to live,  
getting high to forget  
tomorrow.I've lost every bit,  
felt the pain in my chest,  
getting high to forget  
tomorrow.
