

Magic (Intelligent Manners & Extrovert Remix)

Robin Thicke

Alright baby

Yeah

I can make the pain disappear

And I can erase the past oh

I can make the future shine so bright

And I can make right now alright yeah

I got it you got it we got the magic girl

I got it you got it we got the magic girl

I got it you got it we got the magic girl

I got it you got it we got the magic girl

All I got is concrete all around me woo

But I can see the countryside

You can be rich when you're poor

Poor when you're rich

It can be raining and I can make the sun shine I got it you got it we got the magic girl

I got it (you know you got it baby) you got it we got the magic girl

I got it (I've got it baby) you got it we got the magic girl

I got it (You know I got it baby) you got it we got the magic girl

I know sometimes sometimes you feel no hope

But I've been there, I've walked that lonely road

I took whatever the devil offered me

Because I knew that he would set me free

(Whoa) I got it you got it we got the magic girl

I got it (magic baby) you got it we got the magic (woo) girl

I got it (we got the magic baby) you got it we got the magic girl

Skip

I got it you got it we got the magic girl woo

Science they can't prove it

But I know I can do it

I can fly

I can bend metal with my mind

I can wake up in a paradise oh We got that magic

We got that magic

We got that magic

We got that magic We got that magic

We got that magic
