

She's Mine

Crazy Lixx

When I go down town with my baby
I can see all the guys, they go wide-eyed, but that's all right
I can't imagine all the smut they're thinkin' of
And the way they undress her in their minds
But that's all right I wind her up and she keeps on going all night long
She's like a toy that I don't mind showing
But don't share with anyone Everybody's got a sweet tooth for Candy
They all wanna' get a piece of the pie
Everybody's got a sweet tooth for Candy
But she's mine, she's all mine
Everybody wants a piece of my Candy
All the boys wanna' go for a ride
Everybody wants to have her, but she's mine When I take her for a ride on the highway
All the cars they swerve from lane to lane
It's always the same
I can take her to a bar on a Friday
My baby she can get all the drinks for free
Yeah she's with me Everybody's got a sweet tooth for Candy
They all wanna' get a piece of the pie
Everybody's got a sweet tooth for Candy
But she's mine, she's all mine
Everybody wants a piece of my Candy
All the boys wanna' go for a ride
Everybody wants to have her, but she's mine Look but don't touch and don't drool too much Everybody's got a
sweet tooth for Candy
They all wanna' get a piece of my pie
Everybody's got a sweet tooth for Candy
But she's mine, she's all mine
Everybody wants a piece of my Candy
All the boys wanna' go for a ride
Everybody wants to have her, but she's mine
Everybody wants to have her, but she's mine (Solo) Everybody wants a piece of my Candy
All the boys wanna' go for a ride
But she's mine
