

Whip It

Nicki Minaj

Hey, you, jump in this ride
It's real nice and slippery inside
Rise, guys, come get this pie
Ride it style
Said it a minute ago, I did it a minute ago
I drop it, I pick it slow, I want it, I kick in the door
Cause they know that I got that good shit
Said I'm bad, but I could be a good bitch
Please my body, rock my body,
Boy you make me go
Na na na na na me go
Please my body, heal my body
Boy you make me go
Na na na na na me go
We go...
Hey stranger over there
I'm really liking that way
You whip it whip it
Yeah, I want you everyday
You're so right, you're so tight
You got my world spinning
You got my world spinning
My head goes round and around, round and around
Now I'm thinking
If we could be, stranger what you say?
I'm really liking that way
You whip it whip it whip it whip it
Na na na na na me go
Na na na na na me go
Woah, Is that my cue?
I'm looking for some brain to boost my IQ
I'm like 5'2, my SAT scores was high too
But I don't mean to brag a louis vuitton bag
Hopped out the Jag, proceeded to shag shag them
Slim, trim, oh so light skin
So pe pe peta with the pipe in
Please my body, rock my body,
Boy you make me go
Na na na na na me go

Please my body, heal my body
Boy you make me go
Na na na na na me go
We go...
Hey stranger over there
I'm really liking that way
You whip it whip it
Yeah, I want you everyday
You're so right, you're so tight
You got my world spinning
You got my world spinning
My head goes round and around, round and around
Now I'm thinking
If we could be, stranger what you say?
I'm really liking that way
You whip it whip it whip it whip it
Na na na na na me go
Na na na na na me go
