Kissed by You

SÃ©bastien Tellier

Lotta kids with a homesick view
Deep down
I know that I've been homesick too
But something tells me its alright
I know I'll be back in your arms tonightI've travelled down some lonely roads
Almost lost my wayI would give all my time
just to spend my nights with you
I would lay down my fears
Just to spend my years with you
Cause when I'm standing at your door
I don't feel homesick anymore
When I'm standing at your door
I dont feel homesick anymoreAnd after all is said and done
We've made the most of love
I would give all my time
just to spend my nights with you
I would lay down my fears
Just to spend my years with you
Cause when I'm standing at your door
I don't feel homesick anymore
When I'm standing at your door
I dont feel homesick anymore
