

I Want You With Me

[Leann Rimes](#)

When I'm walking down the street
On a quite afternoon
When I hear our favorite song
And it gets me in the mood
When I don't know who I am
And the world is not my friend
When I fight my way back up again
Oh, I want you with me every move I make
Ooh, I want you to see all that I see
Through the laughter and the madness
And every moment in between
Oh, I, I want you with me
When I tell my daddy bye
For the very last time
When I learn a whole new love
In our baby's first cry
You can tell I've done it all

By the lines on my face
When I start regretting my mistakes
Oh, I want you with me every move I make
Ooh, I want you to see all that I see
Through the laughter and the madness
And every moment in between
Oh, I want you with me
Ooh, I want you with me every move I make
Ooh, I want you to see all that I see
Through the laughter and the madness
And every moment in between
Oh, I want you with me
I want you with me
Want you with me
Want you, want you
I want you with me
