

King Kill 33

Marilyn Manson

Play me Is this what you wanted? This is what you get
Turned all your lives into this shit
You never accepted or treated me fair
Blame me for what I believe and I wear
You fucked yourselves and you raised these sheep
The blue and the withered seeds you will reap
You never gave me a chance to be me
Or even a fuckin' chance just to be
But I have to show you that you played a role
And I will destroy you with one simple hole
The world that hates me has taken it's toll
But now I have finally taken control
You wanted so bad to make me this thing
And I want you now to just kill the King An' I am not sorry, an' I am not sorry
This is what you, you deserve
I am not sorry, an' I am not sorry
This is what you deserve
An' I am not sorry, an' I am not sorry
(King kill thirty three)
This is what you, you deserve
(King kill thirty three)
An' I am not sorry, an' I am not sorry
(King kill thirty three)
This is what you, you deserve
(King kill thirty three)
King kill thirty three
King kill thirty three
