

Candy Perfume Girl

Madonna

Young velvet porcelain boy
Devour me when you're with me
Blue wish window seas
Speak delicious fires
I'm your candy perfume girl
Your candy perfume girl
Moist warm desire
Fly to me
I'm your candy perfume girl
Your candy perfume girl
I'm your candy perfume girl
Candy
CandyRush me ghost you see
Every center my home
Fever steam girl
Throb the oceans
You're a candy perfume girl
You're a candy perfume girl
You're a candy perfume girl
Candy perfume girl
Did I lie to you?
Candy perfume girl
Did I lie to you?
Magic poison
You're a candy perfume boy
Candy perfume boy
You're a candy perfume boy
Candy perfume girl
The sacred nerve is
Magic poison
It's candy
It's candy
I'm your candy perfume girl,
I'm your candy perfume girl
Boy, girl, boy, girl, boy
Candy
