

# Focus

## Kjwan

Take this away from me  
Take away this poisonIt's making it hard to see  
I'm slowly falling underFocusing on my hand  
Save me from my emotions  
I have lost my hold on my mind  
I can't find what you seek in me  
I am not what you once loved  
Bleeding from these woundsWish that I was a numb  
No words left unspoken  
Focusing on my hands
