

# In Perfect Dreams

[k.d. lang](#)

In perfect dreams  
Love has no extremes  
All the world can be endlessly  
In perfect dreams In perfect dreams  
You can fly it seems  
Sailing nakedly  
Wavelessly in perfect dreams Dream, have a rendezvous  
A flame or two  
Dream and I promise you  
It all rings true In perfect dreams  
Life is so quite, serene  
You and I can be happily  
In perfect dreams
