Forever And A Day

Ian Brown

What you gonna do when you just found forever?
Where you gonna get to when you can't get it together?Forever and a dayA fly gets caught upon a spider's web
The snake still has another skin to shedForever and a dayIs it all a dream or have you just found forever?
Get it all together, get like birds of a featherForever and a dayThe truth be told
You're more than stones and rings of gold
You can't be bought or soldWhat you gonna do when you just found forever?
Where you gonna get to when you get it together?
Each and everydayForever and a day
