

Pushin Hard

Kingdom Come

I wish we'd end this suffering
And all this crazy ranting
Instead of weapon waving
There would be lives we're savingHard
Pushin' hard
Pushin' hard
OhMy fear is for the children
And for the lives they're building
I wish I knew the answer
We could avoid disasterHard
Pushin' hard
Pushin' hard
Pushin' hardSo, let the sun stream on down from the sky
And let the m-m-moments slip on slowly by
Instead of p-pushin', pushin' hard
We wouldn't feel so lonely inside
Lonely inside, lonely insideI wish we'd end this suffering
And all this crazy ranting
I wish I knew the answer
We could avoid disasterHard
Pushin' hard
Pushin' hard
Pushin' hard
