

Lord Of All (Live Version)

Hillsong London

Shout praises to the holy One
God makes us strong, we'll see His will be done
From the highest place, He came to save us
We stand in the power of His name
Salvation's work in our lives proclaim
Living from the kingdom of hope within us Shine Your light, be that city of light We're gonna shout out loud, it's
time to let it out
It's your life in me for all to see
'Cause our God reigns always till the end of days
We're gonna stand strong, stand tall
'Cause Jesus Christ is Lord of all God colors, flowing through my life
I'm not the same now my heart desires
To see the whole world come to know You'll shine my light, be that city of light We're gonna shout out loud,
it's time to let it out
It's your life in me for all to see
'Cause our God reigns always till the end of days
We're gonna stand strong, stand tall
'Cause Jesus Christ is Lord of all Shout, shout, we're gonna let it out
Shout, shout, we're gonna let it out
Shout, shout, we're gonna shout, Jesus is Lord
