Breathtaking

Lisa Stansfield

It's been so long since I had love
And now, you're here to make it right
It's been so long since I had fun
Oh, but I'm gonna have some fun tonight'Cause everything I need is here
And everything I see is clear
Oh, this is gonna be so nice
You'd better know what set my size
Since boy, I've set them highYou'd better start your breathtaking
You gotta do some love-making, boy
You'd better start your breathtaking
'Cause boy when I'm making
You're gonna get the best of meDi, di, di, di, di, di, di, di, di
Di, di, di, di, di, di, di, di, di
Di, di, di, di, di, di, di, di, di
You're gonna get the best of meYou're feeling so and I should've known
'Cause I feel just as the same as you
Now one more thank to make you sweet
If you're all the never ever newYou'd better start your breathtaking
You gotta do some love-making, boy
You'd better start your breathtaking
'Cause boy when I'm making
You're gonna get the best of meDi, di, di, di, di, di, di, di, di
Di, di, di, di, di, di, di, di, di
Di, di, di, di, di, di, di, di, di
You're gonna get the best of me'Cause everything I need is here
And everything I see is crystal clear
Oh, this is gonna be so nice
You'd better know what set my size
Boy, I've set them highYou'd better start your breathtaking
You gotta do some love-making, boy
You'd better start your breathtaking
'Cause boy when I'm making
You're gonna get the best of meDi, di, di, di, di, di, di, di, di
Di, di, di, di, di, di, di, di, di
Di, di, di, di, di, di, di, di, di
You're gonna get the best of me
