

Feel the Love (feat. Jimmy Nevis)

Mi Casa

Don't wait, cause all we have is love
So love, your neighbor as you love yourself
Leave in, the strongest of men need help
So help a brother out
And we live, but sometimes we forget to learn
And we give, expecting something in return
We sees, a life that cannot be earned
So leave it for yourself And when the sun goes down
and there's no one home
I'll leave the key outside for you
And although things are so
We were born to grow
And so together we can make it though
Woew oooh
Ooh wanna give you love
Ooh wanna feel the love
Cause its the reason I keep coming back for more
Ooh wanna give you love
Ooh wanna feel the love
Cause its the one thing in life that I'm living for
Ooh wanna give you love
Ooh wanna feel the love
Cause its the reason I keep coming back for more
Ooh wanna give you love
Ooh wanna feel the love
Cause its the one thing in life that I'm living for
There's no need, to try always compete
Breath in, more than enough for us to eat
Dig in, slice up the palace feast
And enjoy each other now
There's nothing better, When harmonies are round
Bring it together, until you hear it loud
Joyous laughter, there is no better sound
So hear it for yourself
Woew oooh Cause when the sun goes down
I wanna be around and party all night with you
Don't want no politics and the rules to be strict
I just wanna feel the love with you
Woew ooooooh! Ooh wanna give you love

Ooh wanna feel the love
Cause its the reason I keep coming back for more
Ooh wanna give you love
Ooh wanna feel the love
Cause its the one thing in life that I'm living for
Ooh wanna give you love
Ooh wanna feel the love
Cause its the reason I keep coming back for more
Ooh wanna give you love
Ooh wanna feel the love
Cause its the one thing in life that I'm living forWe have come too far to turn back noooow
We have come too far to turn back noooow
