

Tiny Little Life

The Okee Dokee Brothers

i built me a cabin up high on a mountain
where i live with my family and wife
its a tiny little cabin up high on a mountain
and i live me a tiny little lifewhere the trees are made of cotton
and the fruits are never rotten
and a toothpick fence is something you should see
and in our little cottage
there's a minimum of wattage
cause that's the way we wanted it to bei built me a cabin up high on a mountain
where i live with my family and wife
its a tiny little cabin up high on a mountain
and i live me a tiny little life
the train is going round and round
the miniture little mountain town
the track is in the shape of a figure eight
or maybe it's infinity
cause in the strange vicinity
no one cares about the time of dayi built me a cabin up high on a mountain
where i live with my family and wife
its a tiny little cabin up high on a mountain
and i live me a tiny little lifethere's not much there
but i don't care cause
this is where i'm homesometimes life's a riddle
but if we keep it little
we don't have to solve it on our own
i'm no aristotle
this is just a model
it's just one way to build yourself a home
i built me a cabin up high on a mountain
where i live with my family and wife
its a tiny little cabin up high on a mountain
and i live me a tiny little lifeyes i live me a tiny little life
