Toxins

Stef Lang

Verse:
I can feel it my bones and on it I choke
Underneath I can't breath, taking everything to keep a face
I push it all away
I'm too hard on myself, don't know nothing else
I know that it is normal but I can't help feeling like I'm bat shit cray
Don't wanna feel this wayChorus:
Toxins (toxins)
Are moving through my body
Toxins (Toxins)
Are driving me crazy
And I'll be poisoned if I choose to give in
So I can't let nothing get under my skinVerse:
Standing in the storm, tryna keep warm
Gotta keep it moving through the hurricane that's rushing over me
Gotta get away
Sometimes I'm like beast, where every part of me is acting like an animal
That's just been feeding off my energy, don't get the best of meChorus:
Toxins (toxins)
Are moving through my body
Toxins (Toxins)
Are driving me crazy
And I'll be poisoned if I choose to give in
So I can't let nothing get under my skinBridge:
No no no no no no no no no toxins
No no no no no no no no no toxins X 2Chorus:
Toxins (toxins)
Are moving through my body
Toxins (Toxins)
Are driving me crazy
And I'll be poisoned if I choose to give in
So I can't let nothing get under my skin
