

It's My Life

DJ Bobo

Chorus:

It's my life

I stand it all alone

Accept my way of living

I live it on my own

It's my life

I try to be so free

'Cause freedom is the promise

Of my destiny

It's my life

Oho ohoho

I'm never gonna give it up

Oho ohoho

I never ever lose my aim

Oho ohoho

I'm never gonna give it up

Accept my way of living

It's my life I am dreaming in the sunshine

I dream of all the people

I talked to in my lifetime

Different cultures, different nations

Happy people, lucky people

Feeling my vibrations They just told me all the reasons

I have to find my own way

Don't change it like the season

It's my life, I live it on my own

Welcome to the dangerzone Chorus Like my mother is holding my hand

Whenever I'm alone

Music is my best friend

You're my passion, we're together

Music is my life

I wanna live with you forever There's no limit, celebration

Everybody come on and dance

Feel the fascination

Like a Rolling Stone into the microphone

I live it on my own Chorus Verse 1 Chorus
