Yo George

Tori Amos

I salute to you, commander, and I sneeze
'Cause I have now an allergy
To your policies it seems
Where have we gone wrong, America?
Mr. Lincoln we can't seem to find you anywhere
Out of the millions from the deserts
To the mountains over Prairies to the shores
Is this just the madness of King George?
Yo George
Is this just the madness of King George?
Yo George
Well, you have the whole nation under foot
