

I Need You

Vibrolux

shouldnâ€™t have come here baby but I like it for sure
didnâ€™t see you coming now youâ€™re at my door

you get me high in the afternoon
bright color all around the room [?]
sun is shining on my dream
come honey rock with me
every time I see you baby I feel all right
I need you
I need you

fill my head with dreams youâ€™re an ocean child
before you sleep sing a lullaby
look up the sky is blue
its beautiful and youâ€™re so cool
every time I see you I feel all right
I need you
I need you
I need you

[Fierce guitar solo]

shake it baby shake it all night long
keep it cooking till itâ€™s done
oh yeah gotta give me some
every time I see you baby I feel all right

yeah I need you

yeah

honey I need you
I need you
I need you
yeah I need you
yeah

I need you
I need you
I need you
