Charon

[Music: Hast & CHARON Lyrics: HautamÃ¤ki]Silent setting the nebulousness
Ebon allurement a hint for fulfillment to comeTempting seduction
And the empress whispers
"Rush o son of Drayen for our guest
is infinite
Fly the night has fallen, emerge in dark
for our time is short (so short)
Let the wind carry thee on thy wings
to find the light (nondivine)
Search the blackrose of truth
flovers of knowledge for me to comeI run, I crawl, I haste, I prowl
Crawl in filth son of skies
That night (oh) so dark, the glimmer
that arches over my soul where it diesPouring the blood of the winged of light
Inside my heart rages a radiant fireSo I dance in twilight
In the dimlight of morningstar
Her dark eyes that glares so bright
The mistress of my midnight
