

# Daily Disco

## Yello

Your dancing drives me crazy  
I want to see it all night long  
DJ could be playing  
Always this one song  
Your dancing drives me crazy  
Your dancing drives me mad  
Please Sue don't be so lazy  
If you don't dance I'm sad I want to see you moving  
And dancing all the night The way that Sue is moving  
Is nothing but divine  
And only in the disco  
I know she can be mine  
And when the night is over  
The club is closing down  
I want to give her anything I got  
I give her just a crown I want to see you moving  
And dancing all the night I'm not here for the music  
Or for your eyes so blue  
I got to see you dancing  
To be in love with you  
I want to get my Daily Disco  
Watch you all the night  
I want to get my Daily Disco  
Did you get that Sue all right I want to see you moving  
And dancing all the night Hey you  
I want to see your dance  
Cause you're the only one  
And when you dance  
I know you're mine  
I want to see your dance  
I want it all night long  
Oh Sue you're so divine Hey you  
Another night is gone  
Another day is back  
I am walking home and feel all right  
Sun in my eyes  
One thing in my mind  
I hope to see you Sue tonight My name is Clinch Dedee  
You're the only one I want to see

You're the only one I want to dance  
I'm one of your fans  
I'm one of your fans I want to see you moving  
Dancing all the night  
Don't come any closer  
It's damaging my sight  
It's damaging my sight
