Let You Go

Josh Gracin

I said I'm over you
And that we're through
So you should just move on
'Cause I don't need
And I don't want you
And I don't love you anymore

You stood there crying
I stood there lying
Trying to convince to let me go
'Cause you deserve a man who will give all he has
Just to make you his whole world
That was something I could never do
So go on girl, leave me behind

If you don't leave now I know I will hurt you
Cause love wont change the man I know I am
I've had to ask myself the hardest question
Am I the best she's ever gonna know
The answers the reason I've gotta let her go

If you don't leave now I know I will hurt you
'Cause love won't change the man I know I am
I've had to ask myself the hardest question
Am I the best she's ever gonna know
The answers the reason I've gotta let her go

Well I still love you
And I'll always need you
I know I'll miss you now that you're gone
And now I know I'm not the best you'll ever know
'Cause I loved you enough to let you go
