

Liar

Grave Digger

Night is falling, brothers in blood
Invincible in their faith
Deceiver, believer, stronger than steel
Insanity is what I feelHere I stand, take my hand
Let us flee to be freeI'm a liar, I'm a sinner
I feel pain running through my veins
I'm a liar, I'm a sinner
I feel pain of my own destinyFighting, dying, revenge in blood
Listen to the tongues of hate
Destroyer, betrayer, witness of love
Sadness is my lonely fateHere I stand, take my hand
Let us flee to be freeI'm a liar, I'm a sinner
I feel pain running through my veins
I'm a liar, I'm a sinner
I feel pain of my own destinyHere I stand, take my hand
Let us flee to be freeI'm a liar, I'm a sinner
I feel pain running through my veins
I'm a liar, I'm a sinner
I feel pain of my own destiny
