She'll Never Understand

Matchbook Romance

leave a message on your phone
just to find out you're not home
keeping up with you is something i could never do
and i know something's wrong
cause you've been gone too long
a fucking waste of my time is all that you've become

if i can't be the guy that you've always wanted me to be
if i can't say the words that you always wanted me to say
if i fall in the end, will you be holding on to me?
because you, you said you'd never leave me

the choice is up to you
to find out what to do
to let it go or keep kicking me to the side
i'm getting tired of your shit
and i can't deal with it
i gave up giving in, and now it's time to say goodbye

if i can't be the guy that you've always wanted me to be
if i can't say the words that you always wanted me to say
if i fall in the end, will you be holding on to me?
because you, you said you'd never leave me

with me, stay with me...

if i can't be the guy that you've always wanted me to be
if i can't say the words that you always wanted me to say
if i fall in the end, will you be holding on to me?
because you, you said you'd never leave
you, you said you'd never leave
you, you said you'd never leave me
