

# Lead Me Out Of The Dark

## Crown the Empire

It's not quite a mystery,  
I'm the one who's insecure.  
You're the one that makes believe that we're all okay,  
We're doing fine.  
When we're both fighting just to stay, to stay alive  
A fragile state of mind that I can't quite survive

Without a doubt, I need your help.  
I know you've heard me ask before...  
But come on girl.

I need to tell you now,  
I know what I've done wrong.  
The only way out of here  
Is the way I've avoided for all my life.

There's so many things I want to say  
But there's too many things still in the way  
I'm lost- please help me find my place

You're the only one  
Please lead me out of the dark  
Please lead me out of the dark  
Please lead me out of the dark.

I'm moving on, I'll promise change.  
If you will let me in again  
I swear today, I'll be a better man...  
I'll be who I was then.

It's been a long two years,  
I can't change the past  
I've shed so many tears  
Can't believe I've lasted this long...  
I see now that I'm wrong

The only way out of here  
Is the way I've avoided for all my life

There's so many things I want to say

But there's too many things still in the way  
I'm lost please help me find my place

You're the only one...  
Please lead me out of the dark  
Please lead me out of the dark  
Please lead me out of the
