

# Gemini

## Marek Hemmann

Heathen  
I Took A Trip On A Gemini Spacecraft  
I took a trip  
on a gemini spacecraft  
And I thought about you  
I passed through the shadow of Jupiter  
And I thought about you  
I shot my spacegun  
And boy, I really felt blue

Two or three flying saucers  
Parked under the stars  
The winding stream  
Moon shining down  
On some little town  
And with each beam  
The same old dream

I took a trip  
on a gemini spacecraft  
And I thought about you  
I shot my spacegun  
And I thought about you  
I pulled down my sun visor  
Boy, I really felt blue

You jumped into your Gemini  
I jumped into mine  
We'll orbit the moon  
For just one time  
Tomorrow night  
Tomorrow night  
Will you hold hands  
With me in the moonlight

I took a trip  
in a gemini spacecraft  
And I thought about you  
I shot my spacegun  
And I thought about you

I took  
I took a walk in space  
Boy, I really felt blue

Well, I peeked through the crack  
And I looked way back  
The stardust trail  
Leading back to you  
What did I do  
What could I do  
Yes what did I do

Well  
I thought about you  
I thought about you  
Took a trip  
on a gemini spacecraft  
Thought about you

Heathen  
I Took A Trip On A Gemini Spacecraft
