

# Rapture Ballet

## Witherscape

in the darkness of seclusion  
she appears when he's alone  
for his god sent him an angel  
for the worthy never lieshe will prey  
there is no wait for tomorrow  
she'll be here  
he can't hide any morethe pain in the heart of desire  
she stays and steals his love  
he cries, all is lost in her beauty  
his gilded heart  
dance the rapture ballet  
in the light of desperation  
through a love he's never known  
by a measure of seduction  
for his god he must betrayshe will prey  
there is no wait for tomorrow  
she'll be here  
he can't hide any morethe pain in the heart of desire  
she stays and steals his love  
he cries, all is lost in her beauty  
his gilded heart  
dance the rapture ballet  
redeem  
his soul  
rotting faith displayed to see  
to show  
weakness  
heed her wicked way  
her veil  
her ploy  
voice the tongue of evil's lie  
no truth  
just hope  
his love to betray
