

Blue Mood

Johnny Winter

I guess I'll have to go out walkin'
I feel a blue mood comin' on
Don't wanna hear nobody talkin'
I just want to be alone Every time I hear that music
It takes me back to my old lady
Can't get my mind off that woman
It's about to drive me insane I get a funny, funny kind of feelin'
Like tear drops fallin' down inside
I guess I gotta keep on smilin'
So folks will think I'm satisfied, satisfied
