

A Housewife Love Song

Starflyer 59

Tend the tables, put your house guests away
Tend the tables for free and it's okay
Put your pockets in the drawers, sad and warm
Hey, I will be right hereTend the tables, broom the rats out for me
Tend the tables for free and it's okay
Put your pockets in the drawers, sad and warm
Hey, I will be right hereYou're [Incomprehensible] right
(Be my housewife love)
[Incomprehensible]
