All I Got (feat. Peter MorÃ©n)

RAC

I never jump to conclusions
I never will let you fool me
How can I follow suggestions?
When you try to act like you knew meAnd I know and I know and I know I might be wrong
But I learned to face this alone
Let it be let it be let it be and let it rock
I've given all I've gotI have to lose some ambition
It looks like a ship on my shoulder
When day they'll return time to moving
I stay uncollapsed in the cornerTake it back, take it back at the stoplights of love
I've learned to set free to learn
Gotta go, gotta go, gotta go I'm already late
For a date with my best friend
And I know and I know and I know I'm on my own
But I learned to move on alone
Let it be let it be let it be and let it rock
I've given all I've gotAnd if you ask me to be friends with you, you're asking for too much
It doesn't make a lot of sense to me, but then what really does?
It's been a lot of shaking hands lately and not a lot of hugs
Cause the bed you like to share with me is big but not wide enoughTake it back, take it back at the stoplights of love
I've learned to set free to learn
Gotta go, gotta go, gotta go, already late
For a date with my best friend
And I know and I know and I know down deep inside
We're all alone when we die
Let it be let it be let it be and let it rock
I've given all I've got
