

Did I Give You Much?

Snooze

Ay ay ay â€I hurt and Iâ€™m hurt
Cause the damage is on
Till you give me the sun

Love aint mistake
Mistake that Iâ€™m in
But there is nothing
I can do without you

You give me so much
Did I give you much
The world keeps turning
And I just want to be loveâ€love

Love aint mistake
Mistake that Iâ€™m in
But there is nothing
I can do without you

You give me so much
Did I give you much
The world keeps turning
And I just want to be loveâ€love

You give me so much
Did I give you much
The world keeps turning
And I just want to be loveâ€love

Love â€love

I , I â€™ve found the way
By the sound of your voice
Many things to say
But I have only words

Iâ€™m shure know that place
Can i meet you there
You know that place
Can I meet you there

Can I meet you there

You give me so much
Did I give you much
The world keeps turning
And I just want to be love

You give me so much
Did I give you much
The world keeps turning
And I just want to be loveâ€love
