

# Your Mom Is Right

[Haley Bonar](#)

Your mom is right about something  
Your father's not gonna say a thing  
Where you gonna go when it all goes down?  
What you gonna do when it all goes down?  
Where you gonna go when you done wrong  
Where you gonna go when you done wrong  
What you gonna do  
What you lookin at  
What you gonna do  
When your father's back?  
Where you gonna go when it all goes down  
When it all goes down  
When it all goes down  
Where you gonna go when you done wrong, son  
Your mom is right  
She's always right  
Your mom was right  
She's always, she's always right
