

Yours to Keep

Makeshift Innocence

Walking around all day
to see what my eyes could see
I wish I wish I could stay
But the world has called on me you know
you know
you know
you got some
got somewhere to go
And don't you have somewhere
you got to be
I think that I may have never shown
Ill tell you what
set me free
and if I come back
Im all all yours to keep I traveled across these lands
I still cant rest my feet
Over the oceans and the desert sands
Just to see what it was to be free you know
you know
you know
I got some
got somewhere to go
you have somewhere
you got to be
I think that I may have never shown
Ill tell you what
set me free
and if I come back
Im all all yours to keep Tell me what youve done
Oh, in your life today
are we gonna have some fun
for a smile could fuel the change you know
you know
you know
I got some
got somewhere to go
And don't you have somewhere
you got to be
I think that I may have never shown

Ill tell you what
set me free
and if I come back
Im all all yours
you knowI got some
I got somewhere to go
And don't you have somewhere
you got to be
I think that I may have never shown
Ill tell you what
set me free
and if I come back
Im all all yours to keep
