

# Steve

## Queso

My mom has this boyfriend his name is Steve  
I want him so very much to die  
But he wont - he stands strong, he stays all day long  
and he fucks my mom even when she cries  
and i want him very much to die  
and yet he's still alive  
So dear God  
I believe in you  
Believe in me  
and make it come true  
and I hope that it happens sometime real soon

and I want him very much to die  
yeah i want him very much to die...

... real soon

All right, thanks a lot  
Thanks for coming out
