Advisory - the following lyrics contain explicit language:

Throw your hands in the air, hey, this is a robbery  
And release the bats, in fact I think they onto me  
Your pretty face is going to hell  
That's what Iggy Pop said before they learned how to sell Fake rebellion, you're not a hellion, you're not E-V-I-L  
I can tell from the smell  
Of the burning rock stars that are stacked up in piles  
So take a picture and don't forget to smile I'll give you five splats up on the Blood Splat Rating System  
In case you missed 'em  
That's the one from '95  
It's got stories of rat boys and Kung-fu inside The rules are breaking before they getting written  
The blood from your fingers got your grip slightly slipping  
It's okay 'cause we're all going down  
Trouble's always brewing 'cause there's one in every town This is a horror show, real horror show, real horror show  
Yeah, this is a horror show, real horror show, real horror show Right, take a rock from the dead king's crown  
You're feeling at home when you're in a ghost town  
So disappear and here's the last warning, lay down your head  
Close your eyes, you'll feel better in the morning Light at the end of the tunnel is a train  
Relax your head and shut off your brain  
I got nothing else This is a horror show, real horror show, real horror show  
Yeah, this is a horror show, real horror show, real horror show  
Check it out This is a horror show, real horror show, real horror show  
Yeah, this is a horror show, real horror show, real horror show  
Yeah, this is a horror show, real horror show, real horror show  
Yeah, this is a horror show, real horror show, real horror show Black light thriller, disguised as a killer  
Not feeling sick but always getting iller  
Things go erratic when the beats get mathematic  
Turn up the guns 'cause they always shooting static Yeah, I invented it but you resented it  
Everything I own, that's right, you're only renting it  
You want to rock 'n roll, how deep you wanna soul?  
I got the shovel so tell me can you dig it? Horror show, horror show, help us
