Think I'm In Love

Billy Rankin

I'm growin up too fast
I never thought it'd last another day
But
But when I try to stay
You turn away
I don't need to hide my feelin's
That just leaves my senses reelin? you're not sure you know me well
But I bet you know the answer when you tell me
Think about it, I think I'm in love
You better think about it. I think I'm in love.
Think about it, think about it, think about it all the time, all the time baby
Givin? it up, givin it up, givin up the fight
I think I'm in love
I think I'm in love (I think I'm in love)
You always look your best
It's like a constant test of my restrain
My intention's clear
But your obsessive fear is always plain
I got complications too
I don't know what to say or do
I can see them gettin? in the way
But I get so crazy when I hear you say
Think about it, I think I'm in love
You better think about it, I think I'm in love.
Think about it, think about it, think about it all the time, all the time baby
Givin? it up, givin it up, givin up the fight
I think I'm in love
I think I'm in love
I think I'm in love
I got complications too
I don't know what to say or do
I can see them gettin? in the way
But I get so crazy when I hear you say
Think about it, I think I'm in love
You better think about it, I think I'm in love.
Think about it, think about it, think about it all the time, all the time baby
Givin? it up, givin it up, givin up the fight
And I think about it, i think I'm in love
And I think about it, i think I'm in love

And I think about it, i think I'm in love
And I think about it, i think I'm in love
And I think about it...
