

Dream (Remix) [feat. Chaz French]

Kevin Ross

They say a dream is just a dream
Until you wake up out your sleep All I seem to do is think about us
I'm missing you much, babe
Sleeping without you is torturous
I'm just hoping that you feel the same
And it be crazy if you weren't
Like a hand on a flame, with no sign of pain, that be heartless
And is it wrong to hope you're hurt?
Girl, I won't be ashamed, to lay here awake as long as it's not in vain So don't make me dream
If I got what I want here in reality
So don't make me dream
Unless it will take me to where I wanna be
So don't make me dream, dream If I had to choose, to choose
Money or love, money or love
Darling, you know that
Be on the first flight straight to you
I'd give it all up, no hesitation
It's not a price on what you're worth
No matter how far away
How long it may take, for me to get there
So I'm off with no return
Girl, I won't be ashamed to lay here awake as long as it's not in vain So don't make me dream
If I got what I want here in reality
So don't make me dream
Unless it will take me to where I wanna be
So don't make me dream It's hard to sleep when the girl of you're dreams is a nightmare
Even harder wakin' up when I realize you're not there
Furthermore, understandin' that there ain't no love withouth fear
Now I see what they say about life and how that's just not fear
But I won't hold that against you, no we won't dwell on that
'Cause all it takes is some effort to make a good thing last
Acceptin' the pain and pleasures, I'm Usher with the confessions
I'm not lettin' it burn, no I'm just livin' and learnin'
See I just want you to see it's deeper than love
May sound cliché but I feel like I breathe for this love
The crazy thing is it's not about how many breaths you take, but how many moments took your breathe away
Don't let me dream too long If I got what I want here in reality, yeah
So don't make me dream
Unless it will take me to where I wanna be

So don't make me dream
