

Louie Louie

3 Amigos

And now the news

[Chorus:]

Louie Louie

Oh baby I gotta go

Louie Louie

Oh baby I gotta go

The communist world is fallin' apart
The capitalists are just breakin' hearts
Money is the reason to be
It makes me just want to sing Louie Louie

[Chorus]

A fine little girl is waitin' for me
But I'm as bent as Dostoevsky
I think about the meaning of my life again
And I have to sing Louie Louie again

[Chorus]

Let's give it to 'em right now
Oh man, I dunno like, health insurance
The homeless and world peace and aids and education
I'm tryin' to do right

But Hey

Life after Bush and Gorbachev
The wall is down but something is lost
Turn on the news it looks like a movie
It makes me want to sing Louie Louie

Louie Louie

Oh baby I gotta go, let's go
