

# Dead And Gone

## The Absence

When syllables go soundless  
The sensation kills you  
To the brink of burning  
From the fill of your filth  
Through the lacking of skill While walking through these walls  
I've come to find no unconditional I am now breeding fear  
Deep into your soul  
You may live on as nothing  
I am now dead and gone Reaching further into the void  
Past the gates of slumber, forever night To a non-believer, from a distance  
It seems much clearer  
The total loss of mind  
From suspended faith  
To where it must die I am now breeding fear  
Deep into your soul  
You may live on as nothing  
I am now dead and gone I am now breeding fear  
Deep into your soul  
You may live on as nothing  
I am now dead and gone It would be senseless to drag this out  
Anymore then time could wither  
Clock hands corrode Live on as nothing  
You'll live on as nothing While walking through these walls  
I've come to find no unconditional I am now breeding fear  
Deep into your soul  
You may live on as nothing  
I am now dead and gone I am now breeding fear  
Deep into your soul  
You may live on as nothing  
I am now dead and gone Breeding this fear deep in your soul  
I am now dead and gone
