

Let 'Em Burn

Freddie Gibbs

Advisory - the following lyrics contain explicit language:

The volcano glows red and everyone's dead
Not a body to be seen
A nation of ash and cinders
And it looks like I'm the queen
The flames keep roaring like the furnace that's inside
Couldn't keep it in
Hell only knows I've tried
Don't let them in don't let them see,
Be the good girl you always have to be,
Conceal don't feel, don't let them learn,
Well now they've learned!
Let them burn, let them burn!
They're no longer my concern!
Let them burn, let them burn!
Time to show the world it's my turn!
I wont care, how they're going to scream!
Let the fire rage on.
Flames never seemed to bother me.
It's funny how this inferno
Makes everything look bright
And the hate that once controlled me
Set everything alight!
And now I see what I can do,
I tested limits and go through.
No right, no wrong, when it's only me!
So I'm free!
Let them burn, let them burn!
See my fire across the sky!
Let them burn, let them burn!
Like a rocket I can fly!
I wont care, how they're going to scream!
Let the fire rage on.
My power surges through the air and all around.
My soul's the engine that will burn this world down to the ground!
And one move sparks ignition of my vengeful wrath!
I'm never going back, the future's all I have!
Let them burn, let them burn!
Raining down Armageddon,
Let them burn, let them burn!

Their precious world is gone!
I wont care, how they're going to scream!
Let the fire rage on.
Flames never seemed to bother me.
