Candy

Jasmine Villegas

I wanna love him can't leave him
And like a sugar rush I need him
And everytime I can't see him
All I think about is me and him.Sweeter than candy you make my bed rock
They say your bad for me boy but I just can't stop
Boy don't break my heart again (my heart again)
Please don't break my heart again.How can something so sweet be bitter
How can something seem so good for me and bad for me at the same time
That's how I feel when I'm with him
So in love boy we stuck
Gotta make it to the finish line.Sometimes he feels so amazing
But I'm still afraid he'll break my heart
I can't get rid of this cravin'
Even tho it's tearin' me apart.Sweeter than candy you make my bed rock
They say your bad for me boy but I just can't stop
Boy don't break my heart again (my heart again)
Please don't break my heart again.I wanna love him can't leave him
And like a sugar rush I need him
And everytime I can't see him
All I think about is me and him.I wanna love you can't leave you
And like a sugar rush I need you
And everytime I can't see you
All I think about is me and you.Baby this time it'll happen
Let's do thing different, nothing like before
'Cause I ain't gon be fightin, screamin, cryin
Losing my sanity till there ain't no moreSometimes he feels so amazing
But I'm still afraid he'll break my heart
I can't get rid of this cravin'
Even tho it's tearin' me apart.Sweeter than candy you make my bed rock
They say your bad for me boy but I just can't stop
Boy don't break my heart again (my heart again)
Please don't break my heart again.I wanna love him can't leave him
And like a sugar rush I need him
And everytime I can't see him
All I think about is me and him.I wanna love you can't leave you
And like a sugar rush I need you
And everytime I can't see you
All I think about is me and you.Oh boy, you got my love on lock
Hey boy, just put your love on top

Promise me that you'll never stop
Nobody does it better than you (you, you, you)
Promise that you'll never stop
'Cause nobody does it better.Sweeter than candy you make my bed rock
They say your bad for me boy but I just can't stop
Boy don't break my heart again (my heart again)
Please don't break my heart again. (x2)I wanna love him can't leave him
And like a sugar rush I need him
And everytime I can't see him
All I think about is me and him.I wanna love you can't leave you
And like a sugar rush I need you
And everytime I can't see you
All I think about is me and you.
