

# Roots and Shoots Everywhere

Raffi

roots and shoots  
roots and shoots  
we are the roots and shoots of the living world  
roots and shoots everywhere  
the hopes and dreams of the living world  
we make the earth and we reach for the sky  
roots and shoots  
roots and shoots  
we root so low and we shoot so high  
roots and shoots  
roots and shoots  
we love the birds and we love the trees  
roots and shoots  
roots and shoots  
we love the whales and chimpanzees  
roots and shoots  
roots and shoots  
roots and shoots  
roots and shoots  
we are the roots and shoots of the living world  
roots and shoots everywhere  
the hopes and dreams of the living world  
we are the seeds and we are the buds  
roots and shoots  
roots and shoots  
grow through the concrete grow through the walls  
roots and shoots  
roots and shoots  
the power of life, the power of love  
roots and shoots  
roots and shoots  
from the earth below to the heaven above  
roots and shoots  
roots and shoots dig dig dig  
reach for the sky  
we love the earth and we'll tell you why  
roots and shoots  
roots and shoots  
we are the roots and shoots of the living world

roots and shoots everywhere  
the hopes and dreams of the living world  
roots and shoots  
roots and shoots  
we are the roots and shoots of the living world  
roots and shoots everywhere  
the hopes and dreams of the living world  
roots and shoots  
roots and shoots  
roots and shoots  
roots and shoots  
roots and shoots
