

Happy

Dark Side Cowboys

Now you know what you've been fighting for
Now I know what you've been fighting for
And you've achieved all that you wanted
I've tried to kill it on and on and on and on
You don't know it yet
But this is the end
And I want to ask you
Are you happy now
Well I've been through this before
I've seen and heard all this before
On board this ship there's not much left worth fighting for
But I've closed my eyes, unwilling to let go
So I stay to resuscitate
Build a treasure of violated love
But I find I'm not alone with my suspended breath
I don't know what it is that keeps you there to disregard me
I wished for once this wasn't true
Now we now it's real, it moves, it kills, it's all about you
