

Six Pack Girls

NOFX

Gonna find some girls tonight
My Friday night has washed away
Beer bong has me wandering around
The girls that look like drugs and alcohol Six pack girls
Six pack girls
Six pack girls
Six pack So you pick her up and you bring her home
And you think about it for a while
Wake up the next morning and sure enough
It's not two girls Six pack girls
Six pack girls
Six pack girls
Six pack
