All Is Well

Steve Green

The cruelness of an Autumn leaf
The stillness of the falling leaves
There's peacefulness surrounding me
God is whispering to my soulPeace is a place, a harbor safe
For riding out the storms
For each there's a grace, a strong embrace
The comfort of the LordHe's ordained the paths we take
What father would his child forsake
Emmanuel, God is with us, all is wellWhen life is like a tempest sea
His spirit calms the storm in me
God sets my anxious soul at ease
When the winds of trouble blowPeace is a place, a harbor safe
For riding out the storms
For each there's a grace, a strong embrace
The comfort of the LordHe's ordained the paths we take
What father would his child forsake
Emmanuel, God is with us, all is wellIn God I have assurance
His nearness is my good
And my confidence is knowing
In His will, all is wellPeace is a place, a harbor safe
For riding out the storms
For each there's a grace, a strong embrace
The comfort of the LordHe's ordained the paths we take
What father would his child forsake
Emmanuel, God is with us, all is well
Emmanuel, God is with us, all is well
